### New York State Unified Certification Program (NYSUCP)

---

The Disadvantaged Business Enterprise (DBE) regulation that took effect March 4, 1999 (Title 49 Part 26.81 of the Code of Federal Regulations) requires that each state have a "one-stop shopping" certification process. This means that a firm would apply to only one organization for DBE certification, and that agency's decision would be honored by all other DBE certifying organizations (see below) and all entities within the state that receive funds from the United States Department of Transportation (for example, Metropolitan Planning Organizations and most airports). The NYSUCP began to operate November 30, 2005. There are four certifying organizations in the NYSUCP. Their contact information is below:
